Dear Bernie,

What would Guildwood Day 2010 have been without you? Not as excellent! We are very grateful for your help and participation in our community event.

Your flatbed trailer and truck were perfect transportation for the pan drum band for our parade. We really appreciate your gift of time and energy for Guildwood Day for the second year in a row. So this is a BIG THANKS from all of us on the organizing committee!! And you brought us good weather too....

All the best,
